

# Premier's Reading Challenge 2020

It's time to enter your books onto the PRC website!

All students have been given their PRC login details this week. They have until Friday 28th August to add their reading record to the [Premier's Reading Challenge website](#). Students log into the website and go to Student Reading Record. They then add the PRC ID (recorded on their Personal reading Record handed out at the beginning of the year either on paper or digitally).

This year due to the change in schooling during Term 2, students are able to add more of their own choice books to their reading record.

This means that K - 2 must have read at least 20 books from the challenge list and 10 books of their own choice, a total of 30 books.

Year 3 - 6 must have read at least 10 books from the challenge list and can add up to 10 books of their own choice, a total of 20 books.

**Own choice books** (books that are not on the PRC and therefore do not have a PRC ID are added in the following way:

- First 5 - For your **NORMAL CHOICE BOOKS**, you will need to enter the title and author of your choice book in the "add choice books" section of the website as usual.
- Second 5 - For your **BONUS CHOICE BOOKS**, you will need to add the 2020 Bonus choice book records (pictured below) to your reading record. Type in 2020 Bonus in the Enter books option. The choices will all load from the 5-6 challenge regardless of the challenge you are completing. Visit this [website](#) should you need further instructions

If your child is close to finishing, please ask them to see me for some quick reads to complete the challenge. I can be contacted through the school office should you have any questions.
